I do not guarantee total business success. I just promise that I'll deliver the best know-how I can, that it is actionable and shows immediate results (negative or positive) because it is testable and measurable and accountable.

The premise I live by is that you can fail your way to success as long as your failures are calculated and measurable and that you learn from them.

NOT everyone who buys from me is successful. NOT everything I tell you to do will work. And when you succeed, you don't have to send me a check. The money is yours to keep.

Regarding affiliate promotions – It is entirely possible that I am being compensated in some way, shape or form for recommending any particular product or service that I endorse here. If in you're doubt, and if this sort of thing concerns you, just go ahead and assume I'm getting paid and that I'm giving you biased information. The only offers I endorse are products we LIKE created by people I TRUST. In general I won't endorse anything for money that I wouldn't endorse for free. So, given that many products, services, and programs have affiliate programs, I figure it's better to put the money in my pocket than to leave the money in the advertiser's pocket. You may wish to adopt a similar philosophy.
